

Rohith Raj R

Computer Science and Engineering Undergraduate Student (Sophomore year) at PESIT south campus. Bangalore.

rohithrajreganti@gmail.com

Summary

Second year undergraduate student at the Department of Computer Science and Engineering, PES Institute of Technology, Bangalore, India.

I am a Computer Science enthusiast and during my undergraduate studies so far, I have worked on several programming projects. I also have experience of Competitive Programming.

I have done several Computer Science related courses (institute courses and online courses) and I am open to learn more and take up challenging projects. Interested in Solving Puzzles.

I am currently interested in Automation using Python. I have elementary proficiency in Android App development.
